DECLARATION OF EXCLUSION FROM OBLIGATIONS OF CONFORMITY published in Pressurized Equipment Directive - P.E.D. 97/23/CE

ALPHA POMPE SPA declares to its estimated customers, under its own responsibility, that the entire range of its devices:

Pneumatic Rack & Pinion Actuators identified by ALPHAIR trade mark

is excluded from the obligations of conformity published in Pressurized Equipment Directive - P.E.D. 97/23/CE.

This Directive declares:

ART. 1.3

The application field of the present Directive excludes:

omiss...

1.3.10

Devices where there are seats or mechanisms in which dimensioning, selection of materials, norm of construction, are essentially justified by standards of resistance, rigidity and steadiness towards static and dynamic operative effects, or for other standards based on their functioning and for those pressure does not constitute significant factor during engineering process, so as:

- motors, including turbines and motors with internal combustion;*
- steam machines, gas or steam turbines, turbogenerators, compressors, pumps and actuators.*

therefore excludes, for similarity in mean of process, also Rack and pinion pneumatic actuators by us manufactured.

To respect the a.m. Directive, and also as general safety norm, switching-on the machine where the device will be assembled is forbidden, before the machine is declared conform to the same Directive.
